EXECUTIVE SUMMARY & INVESTOR VALUE PROPOSITION

Entrepreneurial FinTech & Logistics Leader with 25+ years of B2B operational and market-building experience. Pioneering next-generation financial-logistics infrastructure by fusing deep freight management expertise with Web3, decentralized finance (Solana DEX), and AI-driven workflow automation. Currently accelerating venture execution through RIC Novo mesto (PONI Accelerator) and actively scaling Payfreight.io alongside the Cargotrans B2B DEX initiative. Proven track record in end-to-end transport dispatch, cross-border operations, high-converting digital marketing, and strategic B2B ecosystem expansion.

CORE COMPETENCIES & VENTURE CAPABILITIES

FinTech & Web3 Logistics Architecture
Designing Payfreight.io and Cargotrans B2B DEX Exchange on Solana for decentralized freight settlement, smart contracting, and liquidity.

Venture Acceleration & Scaling
Selected participant in the RIC Novo mesto PONI Incubator; structured investor pitches, Financial Logistics Manifesto, and go-to-market strategy.

End-to-End Transport Operations
25+ years in dispatching, fleet routing, cross-border customs compliance, insurance claim management, and European logistics networks.

AI & Growth Marketing Mastery
Full-funnel digital marketing (Meta, Google, LinkedIn Ads), video storytelling (TikTok, FB), and AI workflows (ChatGPT, Gemini, HeyGen).

VENTURE & PROFESSIONAL EXPERIENCE

RIC Novo mesto – PONI Accelerator (Podjetno Nad Izzive) — Venture Founder & Accelerator Resident

Sep 2026 – Jan 2027 | Novo mesto, Slovenia

- Selected for the prestigious regional PONI business accelerator to build and commercialize scalable FinTech/Logistics infrastructure.
- Authored and published the Financial Logistics Manifesto for Payfreight.io, establishing the blueprint for modernized B2B settlement in transport.
- Engineered and submitted the Cargotrans B2B DEX Exchange project to the international Solana Hackathon (Colosseum), establishing Web3 freight protocols.
- Executed full-scope venture validation: investor deck preparation, financial forecasting, unit economics modeling, and early-stage B2B partnership outreach.

Cargotrans — Founder, Digital Marketing & B2B Logistics Specialist

Started 2001 (Sole Proprietorship / s.p. 2004 – 2013, Ongoing Project) | Novo mesto, Slovenia

- Conceived and launched Cargotrans.net in 2001, building an early online B2B freight exchange connecting European carriers and shippers.
- Architected full front-end & digital presence (HTML, JavaScript, SEO), monetization models, and ad space management.
- Expanded into modern multi-channel growth: directed high-performing Meta, LinkedIn, and Google Ads campaigns alongside TikTok/FB video content.

- Operated e-commerce storefronts (Shopify, Etsy POD), integrated automated CRM/CMS marketing funnels, and optimized ROI across channels.

Transporti Maver d.o.o. — Logistics Administrator & Operations Coordinator

Feb 2026 – May 2026 | Ljubljana, Slovenia

- Managed driver dispatch documentation, weekly payroll/expense accounting, and insurance claim processing.
- Coordinated domestic and cross-border worker compliance registrations, ensuring regulatory adherence across international jurisdictions.

Nomago d.o.o. — Transport & Operations Specialist

Apr 2025 – Oct 2025 | Slovenia

- Supervised daily passenger transport operations, driver scheduling, and fleet allocation using CVS management software.
- Executed operational reporting, payroll inputs, and administration for large-scale logistics workflows.

R-transport d.o.o. — Senior Freight Dispatcher & Logistics Coordinator

Nov 2022 – Apr 2025 | Slovenia

- Coordinated complex road freight transport across Western Europe and the United Kingdom, specializing in refrigerated transport.
- Handled cross-border customs documentation, route optimization, cost reduction strategies, and key client relationship management.

Transcar d.o.o. — Transport & Logistics Dispatcher Coordinator

May 2004 – 2022 | Novo mesto, Slovenia

- Directed international and domestic road transport logistics over nearly two decades, managing driver operations and fleet safety standards.
- Maintained long-term relationships with B2B clients, European logistics partners, financial institutions, and insurance providers.

EDUCATION & CREDENTIALS

B.Sc. in Organization & Management (Dipl. Organizator) | University of Maribor, Faculty of Organizational Sciences (1996 – 2003)

Certified Professional Competence for Road Transport Operations | Chamber of Commerce and Industry of Slovenia (GZS, 2017)
